Wake Forest
School of Medicine
Winston Salem, NC

In Dedication...

Dr. K. Patrick Ober

After receiving his MD degree from the University of Florida, Dr. K. Patrick Ober came to Wake Forest to complete his residency training in Internal Medicine and a fellowship in Endocrinology and Metabolism. Following completion of his training, Dr. Ober served as the clerkship director in Internal Medicine for 17 years before being named as WFSOM Associate Dean for Education.

Dr. Ober has been recognized for his role as a physician and educator not only at Wake Forest, but nationally as well. He has demonstrated his love of education through service in leadership roles in several national organizations involved in medical education and physician assessments, including the National Board of Medical Examiners.

His commitment to education is evidenced by his many accolades. Dr. Ober has received fifteen major teaching awards from both students and residents, and he was the 2006 recipient of the WF School of Medicine Medical Alumni Association Distinguished Faculty Service Award. He has played a quintessential role in the development of medical education, and his dedication within the medical school has not gone unnoticed by students, residents and fellow faculty members (as depicted below).

On behalf of the student body, we *Thank You*, Dr. Ober, for your unwavering support, encouragement, and passion towards improving our medical education.

Dr. Damílola Akínnífesí

Ondo, Nigeria & Miami, Florida

"What, then, shall we say in response to these things? If God is for us, who can be against us? He who did not spare his own Son, but gave him up for us all—how will he not also, along with him, graciously give us all things? Who will bring any charge against those whom God has chosen? It is God who justifies. Who then is the one who condemns? No one. Christ Jesus who died—more than that, who was raised to life—is at the right hand of God and is also interceding for us."
-Romans 8:31-34

Dr. Jeffrey Alexander

Franklin, North Carolina

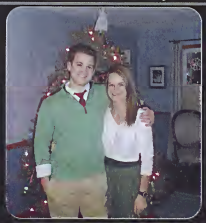

Dr. Jeffrey Ambrose

Okemos, Michigan

"We start here, and we go there. But it's not that simply is it? Our paths may be circuitous or direct. We may gaze excitedly ahead, or cast our eyes regretfully behind. Until we reach our destination it exists only in our own minds. It is what we have imagined it to be. And yet we tend to neglect the journey which is real, in favor of the destination, which is not."

"For too long I neglected this journey. It was an obstacle to be overcome, an ordeal to be endured; for I had never chosen the journey, I had chosen the destination. But now that the journey has ended, I find myself looking back with particular fondness for how I got here." -Michael J. Collins M.D.

Jeremiah 29:11 -"For I know the plans I have for you, declares the Lord, plans for welfare and not for evil, to give you a future and a hope." Medical school is unique in that it is both an incredible challenge and immensely rewarding. I've been blessed by the opportunity to be in the midst of so many intelligent and interesting people. Though the four year journey has had its share of ups and downs, I've managed to make lasting relationships with my classmates, instructors, and patients. Most of the credit for the accomplishment of finishing my medical training should go to my wife, Betsy, my family, and my friends. Without them, I would not be where I am today, nor would I be following the road that lies before me. Thanks to you all.
